## ABOUT ME

I am the best graduate of Computer Science Faculty, Brawijaya University period 2016. Currently I'm working at PT. Dutacipta Konsultama (DCK), which is an IT consulting company based in Surabaya as Web Programmer. With DCK I have developed some corporate systems, one of them is ERP Expedition that have been implemented in every company branches throughout Indonesia. In addition to work with DCK, I'm also 4each Software Chief Technology Officer, which is a software house in Malang and Surabaya. My technical skills are back-end web programming (web and API) and front-end web programming (Javascript, jQuery). Technical aside, I'm also get used to analyzing a problem to apply it in the system. I am a diligent, enthusiastic programmer, with leadership and interpersonal skills.
